## GOOD CARE WEEK

Even though we had planned to have an event to celebrate good care week and the national care day, due to several unexpected reasons, the session has to be postponed to a different date. Mainly, the session programme couldn't be implemented due to time limitations and also write ups for magazine are yet to be received from the team

Instead we decided to have a service user and staff get together and the same programme will be implemented there in the future. The event is scheduled to be held on 22<sup>nd</sup> October 2015. As the selected date is four months ahead, this provides adequate time to implement the planned programme to the expected level.

Everyone's contribution and dedication is extremely appreciated in this regards.
